It is agreed that the Commissioner may, from time to time, during the term of this agreement, in writing, regulate the size, or direct the location or relocation, the addition or reduction in number, or removal of any or all of said lockers. Tenant, in requesting any changes of the Commissioner in the style, size, number or location of parcel-checking lockers, shall submit floor plans detailing said proposals together with its written request.

2. *Purpose*

Tenant on a non-exclusive basis shall provide, maintain, and operate, for the airline passengers and others utilizing any and all of the passenger terminals presently or in the future located at Chicago-O'Hare International Airport, mechanically coin-operated parcel-checking lockers.

3. *Term*

The term of this agreement shall begin on the ..... day of ....., 1978, the date of approval of authorizing ordinance by the City Council, and terminate on the ..... day of ....., 1983, unless otherwise terminated as herein provided.

4. *Operations*

Tenant agrees to charge rates only as may be approved from time to time by the Commissioner, it being understood that such approval will not be withheld if the proposed rates do not exceed rates for similar service in the City of Chicago. Landlord's determination of reasonable rates shall control.

5. *Rental*

A. Minimum and Percentage to be Paid. Tenant agrees to pay a minimum annual rental for each of the first two years of this agreement of Ninety Thousand and No/100 Dollars ($90,000) or Sixty-eight percent (68%) of the gross monthly locker receipts for the same twelve month periods, whichever is the greater.

The minimum annual rental for the last three years of this agreement shall be equal to eighty percent (80%) of the average annual rental of the first two years of Tenant's operation under this agreement.

B. Schedule of Payments. Tenant shall pay each month in advance to the City Comptroller of the City of Chicago (hereinafter called "City Comptroller") the sum equal to 1/12 of the minimum annual rental noted above.

Tenant, within fifteen (15) days of the end of each calendar month, shall pay to the City Comptroller a sum equal to the hereinabove described percentages of gross receipts for said calendar month less the amount prepaid as minimum rent for that month.

Additional payments, required by adjustments, if any, for rentals payable in excess of amount paid as required above shall be made concurrent with the submission of the annual "Statement of Sales and Rents" required by paragraph D of Article VIII.

A charge of three dollars ($3.00) may be collected by Tenant for loss of key by the person checking, which amount shall belong to Tenant.

Tenant shall pay, in addition to the foregoing sums provided, all permit fees, license fees, and taxes, if any, required by law or ordinance of the City of Chicago.

C. Records of Tenant. The Tenant shall, with respect to business done by it in said parcel-locker operation, keep true and accurate accounts, records, books and data, which shall, among other things, show all rentals received and services performed and, also, the gross receipts of said business, and the aggregate amount of all rentals and services, and of all the Tenant's business done in the various locker concession areas. All records and methods of accounting used by Tenant shall be aproved by the City Comptroller.

The term "gross monthly locker receipts" is hereby defined as the total amount of legal monies collected from lockers plus all overtime revenue received on account of articles checked in lockers for more than twenty-four (24) hours, or removed therefrom, less any Sales Tax which may be applicable to said gross receipts from lockers installed pursuant to this agreement, but only up to the time of removal to Tenant's downtown service office. In the event the articles are reclaimed after removal to Tenant's downtown service office, Tenant shall retain all of the revenue therefrom.

Tenant further agrees to maintain an adequate and reasonable system of internal control to insure that locker rentals are properly reported to the Landlord. The internal controls should include features normally employed by well managed retailers. The internal control procedure must be described by the Tenant in writing and submitted to the City Comptroller prior to the effective date of this agreement. Any changes to the internal controls must be reported to the City Comptroller in writing thirty (30) days prior to the effective date of change. The City Comptroller has the authority to require additional internal controls or procedures as he deems appropriate.

D. Books, Records and Audits. Tenant shall maintain at its office in Chicago or make available in Chicago: its books, ledgers, journals, accounts and records wherein are kept all entries reflecting its operations at the airport under this agreement. Such books, ledgers, journals, accounts and records shall be available for inspection and examination by the Commissioner of Aviation and the Comptroller of the City of Chicago, or their duly authorized representatives, at reasonable times during business hours, and to make copies and excerpts therefrom as may be necessary to make a full, proper and complete audit of all business transacted by Tenant in connection with its operation hereunder.

Such books, ledgers, journals, accounts and records shall be maintained during the term of this agreement and for one year after the termination and expiration thereof, and for a further period

extending until the City Comptroller shall give written consent to the disposal thereof records and books of account recording all transactions at, through, or in any way connected with the operation of its concession at Airport.

Within 120 days of the signing of this lease, Tenant shall furnish the Landlord with a written statement indicating Tenant's election to report either on a calendar year or fiscal year basis; such letter shall explain the Tenant's fiscal year if elected. Within 120 days after the close of each calendar or fiscal year, as previously elected, or the termination of the agreement through passage of time or otherwise, the Tenant will provide the Landlord with a "Statement of Rents" representing locker rents by month for the period being reported on together with an opinion thereon of an independent certified public accountant. The Tenant must inform the Landlord of the identity of the independent certified public accountant prior to the close of such calendar or fiscal year and such independent certified public accountant must be acceptable to the Landlord.

The following is an example of an opinion which would satisfy these requirements:

"We, a firm of independent certified public accountants, have examined the accompanying statement of rents reported to the City of Chicago by X Company for the year ended ..... relating to the coin-operated parcel-checking locker concession at ..... Airport pursuant to a lease between the City of Chicago and X Company dated ..... Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion, the accompanying statement of rents showing a gross total of the monthly locker receipts of ..... presents fairly the amount of gross monthly locker rentals, as defined in the lease, for the year ended ....."

If the opinion of the independent certified public accountant is qualified or conditional in any manner, the City Comptroller has the right to cause an audit to be performed at Tenant's expense.

Tenant shall, upon request, furnish such other further financial or statistical reports as the City may, from time to time, require.

SECTION 2. This ordinance shall be in force and effect from and after its passage.

The Committee on Finance submitted a report recommending that the City Council pass a proposed ordinance transmitted therewith, to grant consent to a sublease agreement between Trans World Airlines, Inc. and Emery Air Freight Corporation for cargo building space at Chicago-O'Hare International Airport.

On motion of Alderman Frost the said proposed ordinance was *Passed,* by yeas and nays as follows:

Yeas—Aldermen Roti, Barnett, Kenner, Evans, Lathrop, Sawyer, Wilinski, Humes, Adduci, Vrdolyak, Huels, Kwak, Madrzyk, Burke, Jaksy, Barden, Shannon, Kellam, Joyce, Kelley, Stewart, Stemberk, Lipinski, Rhodes, Marzullo, Zydlo, Ray, Washington, Cross, Hagopian, Keane, Gabinski, Mell, Frost, Laskowski, Aiello, Casey, Cullerton, Laurino, Gutstein, Pucinski, Natarus, Oberman, Simpson, Fifielski, Axelrod, Schulter, Volini, Saperstein, Stone—50.

Nays—None.

The following is said ordinance as passed:

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. That the Commissioner of Aviation and the City Comptroller, subject to the approval of the Corporation Counsel as to form and legality, are authorized to execute a Consent to the attached sublease agreement between Trans World Airlines, Inc., and Emery Air Freight Corporation, for the sublease of certain premises at Chicago-O'Hare International Airport, reading as follows:

This Sublease Agreement made as of the 27th day of December 1977, by and between Trans World Airlines, Inc., a corporation organized and existing under the laws of the State of Delaware (hereinafter called "TWA"), and Emery Air Freight Corporation, a corporation organized and existing under the laws of the State of Delaware (hereinafter called "Emery").

WITNESSETH:

Whereas, TWA leases certain premises, including improvements thereon, at Chicago-O'Hare International Airport (hereinafter called "ORD") under an agreement dated as of March 27, 1964, as amended, with the City of Chicago (hereinafter called "Main Lease"); and

Whereas, Emery desires to sublease from TWA and TWA is willing to sublease to Emery a portion of said premises subject to the terms and conditions of this Sublease Agreement:

Now, Therefore, for and in consideration of the provisions and mutual covenants herein contained, Emery and TWA hereby agree as follows:

1. TWA hereby subleases to Emery and Emery hereby hires and takes from TWA, effective as of October 15, 1977, the cargo, office and storage space more specifically identified on Exhibit "A" attached hereto and made a part hereof (hereinafter called the "Premises") to be used in the conduct of Emery's air cargo transportation business. Emery shall not be entitled to use or occupy any other portion of the premises leased to TWA under the Main Lease. TWA's General Manager-Cargo Sales and Services at ORD shall, subject to the provisions of Section 1.02 of the Main Lease, designate and ingress/egress route that Emery, its officers, employees, agents, customers, suppliers, contractors and invitees may use to move to and from the Premises. TWA may change said route upon 15 days' notice in advance to Emery's local manager on the Premises; it is agreed, however, that TWA shall not select an ingress/egress route that will impose undue restraints on Emery's normal operations, the intent being that TWA shall have the right to insure that Emery's operations will not interfere with TWA's normal operations.

2. TWA agrees to designate, at no additional charge to Emery, an area in its automobile parking space for use by Emery officers and employees at their own risk. The area shall be sufficient in size to accommodate up to 10 automobiles.

3. The term of this Sublease Agreement shall, subject to approval of the Sublease Agreement by the City of Chicago, commence on October 15, 1977 and shall, unless sooner terminated as provided for elsewhere in this Sublease Agreement, continue until October 14, 1978 and thereafter from month to month until cancelled by TWA or Emery on 90 days advance written notice. In the event the Main Lease is terminated, this Sublease Agreement shall automatically terminate concurrently therewith.

4. As rental for the Premises, Emery agrees to pay TWA Seven Thousand Eight Hundred Seventy-two Dollars ($7,872.00) each month in advance during the term hereof, without the need for an invoice from TWA, if TWA chooses not to send one. Any rental payable by Emery hereunder which is not paid when due shall bear interest at the rate of 7% per annum from the due date thereof until paid; however, the inclusion in this Sublease Agreement of a requirement for payment of interest on unpaid rental shall not prohibit TWA from exercising any and all other remedies that are available in the event rental due from Emery is not paid.

5. This Sublease Agreement is in all respects subject and subordinate to all the terms and conditions of the Main Lease, and Emery agrees to assume, observe, be bound by and comply with all the terms, provisions and conditions of the Main Lease (copy of which Emery hereby acknowledges receipt of) to the extent applicable to the Premises or the operations conducted therein. Wherever in the Main Lease the consent or approval of the City of Chicago or its Commissioner of Aviation is required, the consent or approval of both the City of Chicago or its Commissioner of Aviation and TWA shall be required under this Sublease Agreement. (It is agreed herein that Article III of the Main Lease shall not apply, in whole or in part).

6. Emery agrees that, except as provided by the next sentence, it shall at its expense provide or arrange for (a) all utilities required by it at the Premises and (b) janitorial and maintenance services for the Premises, the level and extent of such janitorial and maintenance services to be in accordance with a minimum standard fixed by TWA's General Manager-Cargo Sales and Services at ORD. TWA, at its expense, agrees to provide (a) heat (for interior building space) and electricity from the heating and electrical systems presently existing in the premises, to the extent of their capability and (b) structural maintenance required, if any, as a result of defects in design or materials used in construction or their assembly by TWA's contractors.

7. Emery agrees to maintain and to keep the interior of the Premises in good repair.

8. Emery may, at its expense, make certain modifications in the Premises. The modifications shall be approved in writing, first, however, by TWA's Manager-Cargo Sales and Services at ORD and by the City of Chicago (through, or as directed by, its Commissioner of Aviation). Emery agrees that upon expiration or termination of this Sublease Agreement Emery shall, at its expense, restore the Premmises to the condition in which received by Emery, reasonable wear and tear and loss by fire excepted, unless TWA shall agree in writing to waive restoration in whole or in part. Emery agrees, at its expense, to provide and submit promptly all plans and specifications for intended installations, modifications, signs, etc., to or on the Premises, including but not limited to a security fence to be erected at Emery's sole cost and expense, between the Premises and space occupied by TWA, to TWA's General Manager-Cargo Sales and Services at ORD for approval, and also obtain approval of the City of Chicago (through, or as directed by its Commissioner of Aviation) for such plans and specifications prior to installation, modification, etc. Emery shall, at its expense, comply with any applicable building code or regulation in connection with such work, and shall insure that no liens are placed on the Premises, or on the premises leased to TWA under the Main Lease, by reason of Emery's use or occupancy of the Premises or its installations or modifications therein. Emery agrees that all approved installations, modifications, etc., required in order to make the Premises useable for its operations shall be arranged for and contracted for by Emery at Emery's expense, provided, however, that TWA agrees, at no charge to Emery, to paint the office space which forms a part of the Premises.

9. Emery, its officers, employees, agents, customers, suppliers, contractors and invitees shall be bound by and observe all rules and regulations promulgated under the Main Lease or made by TWA's General Manager-Cargo Sales and Services at ORD governing the use and occupancy (including, but not limited to, action to conserve heat and electricity and control of passenger and vehicular traffic ingress/egress) of the Premises, provided, however, that no such rule or regulation shall conflict with any matter specifically set forth in this Sublease Agreement.

10. Emery agrees to indemnify and hold TWA and the City of Chicago harmless from and against all liabilities, judgments, costs, damages and expenses which may accrue against, be charged to or recovered from TWA and/or the City of Chicago by reason or on account of damage to the property of TWA and/or the City of Chicago or the property of, injury to or death of any person, arising from Emery's use and occupancy of and operations at ORD, including acts of its agents, contractors and subcontractors, except, insofar as TWA's rights under this covenant by Emery are concerned, when caused by the sole negligence of TWA or by the joint negligence of TWA and any other party other than Emery, its agents, contractors and subcontractors, and except, insofar as the City of Chicago's rights under this covenant by Emery are concerned, when caused by the sole negligence of the City of Chicago or by the joint negligence of the City of Chicago and any other party other than Emery, its agents, contractors and subcontractors; provided that TWA or the City of Chicago shall give Emery prompt and timely notice of any claim made or suit instituted which, in any way, affects Emery or its insurer, and Emery or its insurer shall have the right to compromise and defend the same to the extent of their own interests. Any final judgment rendered against TWA and/or the City of Chicago for any cause for which Emery is liable hereunder shall be conclusive against Emery as to liability and amount. Emery further agrees to furnish TWA and the City of Chicago with evidence of insurance of the type and in amounts as may be requested by TWA and the City of Chicago but not in excess of such insurance as is required of TWA under the Main Lease.

11. Emery agrees to indemnify and hold harmless TWA and the City of Chicago from and against any taxes, assessments, liens of any kind, surcharges, etc., levied by any governmental agency or through any procedure of law in connection with the occupancy and use of the Premises by Emery or with Emery's business operations or equipment in the Premises.

12. In the event either party shall default in the performance of any obligation (excepting payment of rental) to be performed by it hereunder, and such default shall continue for 30 days after notice in writing shall have been given to the defaulting party, then upon the expiration of such 30 day period this Sublease Agreement shall terminate unless the aggrieved party shall otherwise elect. In the event of termination of the Main Lease, then this Sublease Agreement shall forthwith terminate.

In the event Emery shall default in the payment of rental required hereunder to be paid to TWA and such default shall continue for 15 days after notice in writing shall have been given to Emery by TWA to correct the default, then upon expiration of such 15 day period this Sublease Agreement shall terminate unless TWA shall otherwise elect.

No waiver of or election by TWA to disregard a default on the part of Emery shall act to prohibit TWA from exercising its rights under this Sublease Agreement in the event of subsequent or continuing defaults by Emery. No termination of this Sublease Agreement shall affect any rights or obligations accrued as of the date of such termination.

13. Emery shall promptly surrender and vacate the Premises upon the expiration or termination of this Sublease Agreement. Personal property of Emery left in or about the Premises upon the expiration or termination of this Sublease Agreement shall be deemed abandoned and TWA shall have the right to use or dispose of such property as it sees fit.

14. Emery has inspected the Premises and accepts them in an "as is" condition.

15. All notices to TWA hereunder shall be in writing and sent by certified mail, postage prepaid, addressed to Secretary, Trans World Airlines, Inc., 605 Third Avenue, New York, New York 10016, with a duplicate copy similarly mailed addressed to General Manager-Cargo Sales and Services, TWA O'Hare International Airport, P.O. Box 66074, Chicago, Illinois 60666; or to such other address as TWA may designate from time to time. All notices to Emery hereunder shall be in writing and sent by certified mail, postage prepaid, addressed to Emery Air Freight Corporation, Wilton, Connecticut 06897 or to such other address as Emery may designate from time to time by notice in writing to TWA. All notices mailed in accordance with the above shall be deemed given 5 days after mailing, the date of mailing to be determined by the postmark.

16. Emery shall not assign this Sublease Agreement and its rights hereunder, in whole or in part, or sublease, in whole or in part, the Premises, except in each case with the prior written consent of TWA and the City of Chicago.

17. This Sublease Agreement shall be deemed to have been made in and shall be construed in accordance with the laws of the State of Illinois.

18. This Sublease Agreement (a) has been executed in counterparts, each of which shall be an original and collectively but one instrument, and (b) shall require the endorsement of the City of Chicago.

19. Lessor covenants and warrants that Emery, so long as it shall pay the rentals herein stipulated and shall perform the duties and obligations herein agreed to be performed by it, shall peaceably and quietly have, hold and occupy and shall have the exclusive use and enjoyment of the Premises during the term of this Sublease Agreement or any extensions thereof.

In Witness Whereof, the parties hereto have caused this Sublease Agreement to be duly executed as of the day and year first above written.

[Signature forms and Exhibit "A" omitted for printing purposes]

SECTION 2. This ordinance shall be in force and effect from and after its passage.

EXHIBIT "C"

Easement

Know All Men by These Presents, that the Chicago and North Western Transportation Company, a Delaware corporation (hereinafter called "North Western"), in consideration of the sum of Twelve Thousand and No/100 Dollars ($12,000.00) and other good and valuable consideration to it in hand paid, does hereby grant to the City of Chicago, a municipal corporation (hereinafter called "City"), but subject to the provisions hereinafter expressed, a permanent easement for the construction, installation, operation, maintenance, use, repair, renewal, and replacement of steam lines and a meter vault (hereinafter called "said facility"), and for no other use or purpose whatsoever, under and through the following described fifteen (15) foot wide strip of land situated in the City of Chicago, State of Illinois, to wit: See legal description furnished by City attached hereto and made a part hereof and marked Exhibit "D" (Description to be furnished by City and approved by North Western).

The foregoing easement is subject to the following provisions, which provisions City herein accepts:

1. City shall procure all necessary public authority for the construction, installation, maintenance and use of said facility and in addition to the requirements of this easement, shall construct, install and maintain said facility at City's sole cost, in conformity with all laws, ordinances and regulations whatsoever relating to business use and occupation of the premises.

2. City agrees to levy or impose any license fees, taxes, special assessments or other charges against North Western or its property, directly or indirectly, by reason of or in connection with the construction, installation, operation, maintenance, use, repair, renewal or replacement of said facility, or by reason of or in connection with any business conducted thereon by the City; and in the event that this covenant is ever held to be invalid, the City agrees to reimburse North Western for any such fees, taxes, special assessments or other charges which may be paid by North Western by reason of or in connection with any of the above, within thirty (30) days after presentation by North Western of such bills.

3. Said facility shall be constructed, installed and maintained by City at its own expense and in accordance with the terms and conditions contained in Exhibit "A", dated June 26, 1978, attached hereto and made a part hereof.

4. City shall remove all debris, material, false work and the like caused by or used during the construction, installation or maintenance of said facility from the right of way and other property of North Western in a manner satisfactory to North Western.

5. If, in the sole judgment of North Western, it shall become necessary to provide protection, or support, (or both), for its tracks and property during the work of construction, installation or maintenance of said facility, North Western shall have the right to furnish such protection or support, (or both), and City shall promptly pay the entire cost thereof.

6. North Western reserves the right to request City to make reasonable repairs to said facility and, if City shall fail within ten (10) days after receipt of written notice to make such repairs as North Western deems necessary, North Western may, at its election, make such repairs. North Western also reserves the right to make emergency repairs to said facility if North Western deems such repairs necessary for the safety of its tracks or property. City shall promptly reimburse North Western for the cost and expense of all such repairs to said facility made by North Western.

7. North Western reserves the right to construct, maintain, use, operate, relocate, reconstruct and renew such tracks and roadways as it may at any time and from time to time desire within the limits of the land hereinabove described.

8. North Western reserves the right to use the real estate for any and all purposes, or otherwise dispose of the same subject to this easement, including, but not limited to, the right to mortgage, sell, lease, grant licenses or other easements for the use and occupation of all or any portion of said real estate, and bill and collect rents, issues and profits therefrom, so long as such use or disposition is not inconsistent with the rights herein granted to City.

9. It is understood and agreed by City that said facility is subject to and may increase the dangers and hazards of the operation of the railroad of North Western and this easement is subject to all risks thereof. Therefore, City assumes and agrees to protect, indemnify and hold harmless North Western, its officers, agents, employees, invitees, licensees, successors and assigns, from and against any and all claims, demands, suits, liabilities and expenses by reason of the loss or damage to any property whatsoever or injury to or death of any person whomsoever, from any cause whatsoever, arising or growing, directly or indirectly:

   (i) out of the construction, installation, operation, maintenance, use, repair, renewal, replacement or removal, of said facility,

   (ii) out of any defect in said facility or any failure thereof,

   (iii) out of any act or omission of City, its officials, agents, or employees while on or about the right of way of property of North Western or while on or using said facility, or

(iv) out of the failure of City, its officials, agents or employees to abide by or comply with any of the terms and conditions of this easement, even though such loss, damage, injury or death may have been caused or contributed by the operation of North Western's railroad or by the conditions of its property, except such loss, damage, injury and death, costs and expenses caused by the sole negligence of the North Western.

City will also indemnify and hold harmless North Western, its successors and assigns, from all liability for damages sustained by City by reason of want or failure at any time of title on the part of North Western to all or any part of the land, across which said facility is located.

10. This easement is personal to City, and is not assignable or transferable without the written consent of North Western first obtained, which consent will not unreasonably be withheld; provided, however, that in case of any assignment, passing or transfer of ownership of said facility without North Western's written consent to said assignment, City and the new user or owners shall both be jointly and severally liable to North Western under all of the terms, conditions, covenants, reservations and restrictions hereof, and this easement shall be deemed a joint easement to said parties, revocable forthwith by written notice which North Western at its option may serve upon said parties at any time.

11. Except as hereinafter provided, the benefits of this easement shall accrue to the North Western, its successors and assigns. In accepting this easement, City agrees to perform and to be bound by all of the terms, conditions, covenants, reservations and restrictions herein provided, even though the performance thereof may not be required by North Western until after the revocation or termination of this easement. If North Western, following an abandonment of its operations over the right of way of which this easement is a part, shall convey all or any portion of the easement premises to a third party other than a railroad company or a company engaged in railroading, then Paragraphs 3, 4, 5, 6, 7, 9, 10 and 12, will be void and of no further force and effect as to the part of said premises which is conveyed.

12. All property of whatsoever kind and nature in which North Western has a leasehold interest or which is used by North Western wholly or in part regardless of ownership thereof shall, for the purposes of this easement, be deemed property of North Western and be owned by North Western.

13. In case any of the terms or provisions of this easement have been performed or carried out prior to the actual date of execution hereof, it is understood and agreed that this easement shall nevertheless be of the same force and effect as though the same had been executed by the parties prior to such performance.

14. This easement shall terminate and be of no further force and effect when this land, or any portion thereof, ceases to be used by City as a right of way for steam lines and meter vault for a period of twelve (12) consecutive months. Should any discontinuance or cessation of use of said facility be due to any damages by fire, lighting, flood or earthquake, or by the abandonment of work by employees of City during a general strike, or by City's inability, after due diligence, to obtain necessary materials for repairs or rebuilding, then the said time of twelve (12) months shall be extended for a period equivalent to the time lost by reason of any or all of the causes aforesaid. City further agrees that, in the event this easement is terminated for any reason, all obligations, covenants and indemnities of City and all rights of North Western hereunder shall survive the termination until such time as said premises are restored to their original state. City further agrees that in the event this easement is terminated for any reason, it shall complete all payments due or which may become due under this Agreement, including payment of all sums to North Western for work performed prior or subsequent to said termination and City agrees that this indemnity shall survive the termination until such time as said premises are restored to their original state.

15. At North Western's request, upon termination of this easement as heretofore stated, City shall promptly, and in a manner acceptable to the Chief Engineer of North Western, remove said facility and all appurtenances thereto and leave the premises in the same condition in which they were before the installation of the same as nearly as may be practicable. Upon failure of City to do so, North Western may perform the work and restore the premises and City shall promptly reimburse North Western for the cost of removal and restoration.

16. All notices and demands herein required shall be in writing. The mailing of a notice or demand by registered mail with proper postage prepaid to the Chicago and North Western Transportation Company. Attention: Real Estate Department, 400 West Madison Street, Chicago, Illinois 60606, or to the City of Chicago Department of Public Works, Attention: Marshall Suloway, Commissioner, 320 North Clark Street, Chicago, Illinois 60610, or to such other addresses or addressees as the parties may, in writing, from time to time designate, shall constitute a proper notice thereof in accordance with this easement.

17. This grant of easement is subject to existing roads and highways and the rights of any governmental agency, public or quasi-public utilities to occupy said premises for the use and maintenance of existing conduits, sewers, drains, gas lines, electric power lines, and other utilities, whether or not of record.

18. The waiver of a breach of any of the terms or conditions hereof shall be limited to the act or acts constituting such breach and shall never be construed as being a continuing or permanent waiver of any such terms or conditions, all of which shall be and remain in full force and effect as to future acts or happenings, notwithstanding any such waiver.

"This Instrument is executed, delivered and accepted upon the covenants and conditions that:

1. The Facilities shall be located, constructed and maintained in exact accordance with construction plans filed with and approved in writing by Grantor (hereinafter called Original Master). All construction, maintenance, repair and renewal work shall hereafter be confined entirely to the limits of the permanent easement area conveyed, except for temporary easements that may also be conveyed for construction purposes. No departure of Facilities shall be made at any time from the Original Master without prior written permission of Grantor, or its designee, as hereinafter provided in Paragraph 5.

2. The work of construction, maintaining, repairing, altering, renewing, or removing the said Facilities shall be done under such general conditions as will be satisfactory to and approved in writing by Grantor, or its designee, prior to initiating any such work, and as will not interfere with (i) other adjacent ownership of Grantor, (ii) the proper and safe use, operation and enjoyment of existing railroad tracks, structures or facilities, or (iii) occupations by other authorized parties. Grantee shall at its own cost and expense, when performing any work within the limits of the easement areas furnish watchmen to see that all men, equipment and materials are kept within the confines of the easements granted. Grantee shall immediately abide by all written instructions from Grantor, or its designee, modifying or altering any previously approved method of constructing Facilities of Grantee or utilizing the temporary easement.

3. All cost and expense in connection with the construction, maintenance, repair, alteration, renewal, relocation and removal of said Facilities shall be borne by Grantee. In the event work performed or material furnished by Grantor or any party authorized by Grantor to operate the line of railroad on, under or adjacent to the easement herein conveyed under its or their stipulated rights as hereinafter reserved to perform such work of construction, maintenance, repair, alteration, renewal, relocation or removal under any covenant hereof, Grantee agrees to pay to whichever party performs such work (Grantor or the third party authorized by Grantor to operate the line of railroad) the actual cost of materials plus the current applicable overhead percentages as developed and published by the Accounting Department of the party performing the work applicable to fringe benefits, payroll taxes, administration, supervision, use of tools, machinery and other equipment, supplies, employer's liability insurance, public liability insurance, and other insurance, taxes and all other indirect expenses (hereinafter collectively called Overhead Percentages). It is understood the aforementioned Overhead Percentages are to be applied at the rates which are in effect at the time any work is performed by either party on said Facilities.

4. In addition to, but not in limitation of any of the foregoing provisions, if at any time Grantor, or the third party authorized by Grantor to operate the line of railroad, should deem separate flagmen, watchmen or inspectors desirable or necessary to protect its respective property or operations, or its employees, patrons or licensees during the work of construction, maintenance, repair, alteration, renewal, relocation or removal of said Facilities by Grantee, Grantor, or the third party authorized by Grantor to operate the line of railroad, shall have the right to arrange for such flagmen, watchmen or inspectors at the sole cost and expense of Grantee, which full cost and expense together with Overhead Percentages Grantee agrees to pay directly to the party furnishing said services within ten (10) days after receipt of a bill therefor. However, it is distinctly agreed, the furnishing or failure to furnish flagmen, watchmen or inspectors by Grantor, or the third party authorized by Grantor to operate the line of railroad, shall not release Grantee from any and all liabilities assumed by Grantee under the terms, conditions and covenants of this Grant.

5. If Grantee desires to revise or alter in any manner whatsoever the aforementioned Facilities within the easement areas from the Original Master, Grantee shall submit revised plans to Grantor indicating the proposed additional work and the exact location within the confines of the permanent easement. Approval of Grantor must be indicated in writing by Grantor and the third party authorized to operate the line of railroad before any revision or alteration is undertaken. Once a revision or alteration is approved by Grantor and the third party authorized to operate the line of railroad, the terms, conditions, and covenants of this Grant with respect to the original construction shall apply thereto as fully and completely as though said revisions or alterations were so designated on the Original Master. It is understood by the parties that this clause only pertains to revision or alterations of the aforesaid Facilities within the confines of the permanent easement area, and any additions thereto or relocations outside the limits of said easement area are strictly prohibited.

6. The Grantee shall at all times be obligated to promptly and properly maintain, repair and renew said Facilities and shall, upon notice in writing from Grantor, and/or the third party authorized by Grantor to operate the line of railroad, requiring it so to do, promptly make such Facility repairs and renewals as may be requested by either or both parties, provided all said repairs and renewals are accomplished in such a manner that Grantee will not do or suffer or permit anything to be done that will cause any physical damage, injury or interfere with (i) railroad tracks, structures or facilities of Grantor, (ii) operations of a line of railroad by any third party so authorized by Grantor, or (iii) any other occupations granted or authorized by Grantor for any other purposes whatsoever. Grantor, for the purpose of protecting and safeguarding its property, or the third party authorized by Grantor to operate the line of railroad for the purpose of protecting and safeguarding its railroad operation, or both parties may with or without notice to Grantee at any time, whether an emergency situation or not, make such repairs and renewals thereto and furnish such material therefor, including settlement caused to the roadbed, right of way, railroad tracks, and facilities and appurtenances of Grantor arising from installation of the Facilities, as it deems adequate and necessary, all at the sole cost and expense of Grantee, which full cost and expense together with Overhead Percentages Grantee agrees to pay to either or both parties performing the work within ten (10) days after receipt of a bill therefor as hereinabove provided in Paragraph 3.

7. The supervision over the location of the construction work and inspection of the Facilities, and the approval of the material used in construction, maintenance, repair, alteration, renewal, relocation and removal of the aforesaid Facilities covered by this Grant shall be within the jurisdictional rights of Grantor, or his designee, and/or the third party authorized by Grantor to operate the line of railroad, or both.

8. Grantee shall comply with all Federal, State and local laws and ordinances, and assume all cost, expense and responsibility in connection therewith without any liability whatsoever on the part of the Grantor and/or the third party authorized by Grantor to operate the line of railroad.

9. The operations of the third party authorized by the Grantor to operate the line of railroad of Grantor, at, near or adjacent to the easement areas involve some risk to Grantee's Facilities, and Grantee as part of the consideration for this easement hereby releases and waives any right to ask for or demand damages for or on account of loss or injury to said Facilities of Grantee located on the easement area, including the loss of or interference with service or use thereof, and whether attributable to the fault, failure or negligence of Grantor and/or the third party authorized by Grantor to operate the line of railroad of Grantor, or otherwise.

10. Grantee covenants and agrees at all times to indemnify, protect and save harmless Grantor and/or the third parties authorized to operate the line of railroad from and against any and all damages, costs, losses, detriments, suits, claims, demands, and/or expenses resulting from any and all losses of life or damage or injury to persons or property occasioned by any act or omission in the construction, maintenance, alteration, repair, renewal, use, operation and removal of Grantee's Facilities which Grantor and/or any third parties authorized to operate the line of railroad may directly or indirectly suffer or be subjected to, whether such damages, costs, losses, detriments, suits, claims, demands, and/or expenses, be suffered or sustained by other persons, contractors or corporations, including Grantee, its employees and agents, who may seek to hold Grantor and/or any third parties authorized to operate the line of railroad liable therefor, and whether attributable to the fault, failure, negligence or otherwise, except when proven by Grantee to be due directly to the sole negligence of Grantor or the sole negligence of any third party authorized to operate the line of railroad. If a claim or action is made or brought against either party and for which the other party may be responsible hereunder, in whole or in part, such other party shall be notified and permitted to participate in the handling or defense of all such matters.

11. (A) prior to entry upon the easement area, Grantee covenants and agrees it will, at its sole cost and expense, procure, provide and deliver to both Grantor and the operator of the rail line public liability insurance, as well as contractual liability insurance covering all liabilities assumed by Grantee under Article 10 thereof, without exception or restriction of any kind during those periods of time required to (a) construct the Facilities, (b) maintain, repair and renew the Facilities, and (c) remove the Facilities. Grantee shall require its contractors to provide for and in behalf of the Grantor, Broad Form Railroad Protective Liability Insurance, in the form designated as Exhibit "C" attached hereto and made a part hereof (commonly referred to as "Lloyd's Green Form") with a combined single limit liability of Ten Million and 00/100 Dollars ($10,000,000.00) per occurrence, such insurance to be approved by and acceptable to the Grantor, with the original copy of each policy so required to be furnished the Grantor. Said insurance policy shall be maintained during the entire construction period and shall provide for not less than thirty (30) days' written notice to the Grantor prior to cancellation or reduction of the limits of liability of said insurance. The providing of such insurance shall not be deemed a limitation on the liability of Grantee as provided in this Grant, but shall be additional security therefor;

(B) if the operator of the rail line accepts substitute coverage on its part, and Grantor is provided with evidence of this effect by Grantee, Grantee shall be relieved of its obligation under item (A) of this covenant to provide specific insurance as respects the operator of the rail line.

12. The Facilities shall be constructed as hereinbefore provided within two years from the date of this Grant, and if not constructed within said period of time, all right, title and interest of Grantee hereunder shall cease and terminate, and this Grant shall thereupon become null and void, without any liability on the part of either party to the other, by reason of this Grant or the termination thereof. Grantee shall deliver to Grantor a full and complete release of this Grant of Easement in recordable form.

13. Upon the removal or abandonment of the Facilities covered hereby, and abandonment shall be determined to be cessation of use for a minimum period of 12 consecutive months, all right, title and interest of Grantee hereunder shall cease and terminate, and this Grant shall thereupon become null and void, without any liability on the part of either party to the other party except as to liability accrued prior thereto; whereupon Grantee shall (a) remove its Facilities and appurtenances from the former easement areas and restore the property of Grantor to a condition satisfactory to Grantor, and (b) deliver to Grantor a full and complete release of this Grant of Easement in recordable form. If Grantee fails or refuses to remove its Facilities and appurtenances and deliver the required release within ninety (90) days after requested so to do by Grantor, Grantor shall have the right and privilege to remove said Facilities and appurtenances at the cost and expense of Grantee, which full cost and expense together with Overhead Percentages Grantee agrees to pay to Grantor within ten (10) days after receipt of a bill therefor, and upon completion of the removal of all Facilities and appurtenances from the easement areas by Grantor, said Grant of Easement shall terminate as fully and completely as though said easement had never been granted.

14. City is relinquishing any and all easements or right of way interests it may have in and to the bed of vacated W. Taylor Street between S. LaSalle and S. Sherman Streets for sewer line purposes, including without limitation such right of way the City may have by written agreement, or otherwise, for a 36-inch sewer line. It is understood and agreed the release of said rights shall become effective upon (i) the date the 60-inch replacement sewer is placed in service and all other sewer lines are bulkheaded and filled with sewer grout, or (ii) two years from the date of this conveyance, whichever date is the earliest.

15. Grantee covenants and agrees that no assessments, taxes, or charges of any kind shall be made against Grantor or its property by reason of the construction of said Facilities of Grantee, and Grantee further covenants and agrees to pay to Grantor within ten (10) days after receipt of a bill therefor (a) the full amount of any assessments, taxes or charges of any kind levied, charged, assessed or imposed against Grantor or its property by reason of the construction and maintenance of said Facilities of Grantee; and (b) 50% of the land assessment, taxes or charges levied, charged, assessed or imposed against Grantor for the permanent easement area.

16. That in respect to the aforesaid 15 covenants and conditions imposed upon or assumed by the Grantee, the operators of the line of railroad or their successors or assigns, shall be deemed a third party beneficiary and shall have the same rights and remedies as if they were a signatory of this instrument.

17. Grantor and/or the third parties authorized to operate the line of railroad reserve the primary right at any and all times to cross the easement areas with railroad tracks to serve industry located along Grantor's right of way. Any adjustments to Facilities necessary to exercise this right will be made by and at the sole cost and expense of Grantee.

18. This Grant of Easement is subject to (i) all agreements, leases, etc. between Grantor and the State providing for continued usage of the railroad right of way for railroad operations, and (ii) all existing wire and pipe line agreements, occupations, licenses, and/or easements between Grantor and other parties, and reserves to Grantor, its successors or assigns, the right to collect and retain all rentals, fees and considerations therefor. Grantee agrees, at its sole cost and expense, to make all necessary provisions to protect existing slopes, duct lines, drainage lines, wire lines, pipelines, and occupations by other authorized parties during construction of the Facilities, and thereafter Grantee shall not interfere with the location or use thereof without the prior written approval of Grantor. Furthermore, Grantor, its successors or assigns, reserves the right without securing prior approval of Grantee, to grant future wire or pipeline occupancies by agreements, licenses and/or easements and retain all rentals, fees and considerations resulting therefrom.

To Have And To Hold the easement granted herein unto the Grantee, its successors and assigns for so long as Grantee complies with the covenants and conditions of this instrument.

This Grant is executed, delivered and accepted upon the express covenants and conditions hereinbefore set forth, which covenants and conditions shall extend to and be binding upon the successors and assigns of Grantee with like effect as if they were in every case named and expressed, and wherever in this Grant reference is made to the Grantor hereto, same shall similarly be held to include and apply to the successors and assigns of said Grantor with like effect as if in every case so expressed.

Notwithstanding any other provisions of this instrument, Grantor shall in no event incur liability to Grantee for failure of or defect in the title or estate in and to the property above described.

In Witness Whereof, the parties hereto have caused this instrument to be executed the day and year first above written."

Now Therefore, in consideration of the premises and the covenants and agreements hereinafter contained, it is agreed by and between the parties hereto as follows:

Section 1. The City agrees to perform the following work under this agreement, namely: the removal of the existing viaduct and abutments, the construction of a new viaduct over the tracks of the Railroad, the filled approaches, street lighting and street work, drainage and all other incidental work required for a complete improvement, all of which is sometimes referred to as "viaduct project". All of the aforesaid work shall be performed in accordance with the terms hereinafter set forth as shown on the general plan and specifications referred to as Exhibit "A", which general plan is also identified as City's Drawing No. 35405, attached hereto and made a part hereof.

Section 2. No changes in such plans and specifications shall be made by the City without the written consent of the Railroad.

The Railroad agrees that it will not unduly delay the City, its contractors or subcontrac-

Section 6. The Railroad shall furnish all material, labor and equipment required for the temporary and permanent relocation or adjustment of its facilities at this location which may be necessary to permit the performance of work covered herein.

Section 7. The Railroad shall keep accurate and detailed accounts of the actual costs and expenses as incurred by it, or for its account, in the performance of the work it herein agrees to perform.

Such reimbursements, however, are subject to the provisions of Section 9 hereof.

After the Federal or State representatives have audited the expenses as incurred by the Railroad, including such items of expense as may have been suspended from any previous payment, the City shall promptly reimburse the Railroad for the retained percentages and suspended items of expense, less the deduction of any item of expense as may be found by the Federal or State representatives as not being eligible for Federal reimbursement.

Section 8. The Railroad shall furnish flagmen and other suitable personnel to the City's contractors for flagging protection during the viaduct project. The Railroad shall have control and direction of said personnel during the progress of the work, but the City shall require its contractors to assume the entire risk and responsibility for said flagmen or other personnel.

Salute to the Memory of Henry Horner on Occasion of the 100th Anniversary of his Birth.

A proposed resolution reading as follows:

WHEREAS, This year marks the 100th anniversary of the birth of Henry Horner, the master statesman who was governor of Illinois from 1933 until his death in 1940; and

WHEREAS, Henry Horner was born in Chicago in 1878, the descendant of early Chicago pioneers. Although born into the Jewish faith, he was known for the catholicity of his comradeships. After a distinguished legal career, Henry Horner spent 18 years on the bench, as Judge of the Probate Court of Cook County 1914-1932. His tenure as governor saw Illinois lift itself boldly and proudly in the post-Depression years; and

WHEREAS, When Chicago's Henry Horner Memorial Monument was dedicated in 1948, the noted poet Carl Sandburg himself delivered the address, describing Horner as a man who "had heart and vision that ran far, and in a wide spread over the earth, among all peoples and races", and compared him to another great Illinois citizen, Abraham Lincoln; and

WHEREAS, On October 29, 1978, A.D., at 2 p.m., a wreath will be placed at the Henry Horner Monument in Horner Park, California and Montrose Avenues, by Edmund Kelly of the Chicago Park District and Alderman Eugene Schulter and Alderman Solomon Gutstein in celebration of the Horner Centennial and in recognition of one of our greatest statesmen; now, therefore,

Be It Resolved, That we, the Mayor and Members of the City Council of the City of Chicago, gathered here this 20th day of October, A.D., 1978, do hereby salute the memory of Henry Horner, judge, governor and a friend to all peoples on the occasion of the 100th Anniversary of his birth; and

Be It Further Resolved, That we encourage all citizens to attend the Henry Horner Centennial celebration at Horner Park October 29, 1978, at 2 p.m. in full awareness of the legacy of this great Chicago citizen.

2. *Premises*

It is understood and agreed that notwithstanding the above term either party may cancel this agreement on thirty (30) days notice to the other party in writing of its election so to do.

5. *Rental*

Tenant shall pay Landlord, at the office of the Comptroller, as rental for such use and occupancy, the sum of One Hundred and No/100 Dollars ($100.00) per month, payable in advance on the first day of each month during the term of this agreement.

Tenant shall further pay Landlord, at the office of the Comptroller, as rental for such use and occupancy for each month, the sum of Three Hundred and No/100 Dollars ($300.00) per month, payable in advance on the first day of such month during the term of this agreement. Payment due in landing fees for operation at Chicago-O'Hare International Airport during such month, as required hereinafter pursuant to Section 7, may be offset against such further rental of $300.00 per month, but the amount of any O'Hare landing fees incurred by Tenant exceeding said further rental for the month shall be paid as prescribed in Section 7.

If any rental hereunder commences after the first day or terminates prior to the last day of any month, such rental for such month shall be determined on a pro-rata basis according to the number of days of such month involved.

Meigs Field and Chicago Midway Airport, in form as approved by the Comptroller, and shall remit directly to Comptroller, with itemized report of landings, copy of which shall go to the Commissioner, on or before the 15th day of the month following, payment for all such landings made during the preceding month, or portion thereof.

Since Chicago-O'Hare International Airport landing fee is subject to change every calendar half-year, the Commissioner shall advise Tenant of the specific fee to be in effect at Chicago-O'Hare International Airport for each such period, at least fifteen (15) days in advance of such period.

8. *Operation*

Whereas, the Municipality desired to sponsor a project for the further development of said Chicago-O'Hare International Airport to be known as Project Number 6-17-0022-11 under the Airport and Airway Development Program and the provisions for the Federal Airport Act and the regulations promulgated pursuant thereto; and

Whereas, the Municipality has accordingly requested Federal financial assistance in the accomplishment of Project Number 6-17-0022-11 and responsive thereto the Federal Government, through the Federal Aviation Administration, has issued to the Municipality a Tentative Allocation (or Allocation) in the sum of Six Million, Fifteen Thousand, Nine Hundred and Ninety ($6,015,990.); and

Whereas, the Municipality has appropriated certain monies for the improvement of Chicago-O'Hare International Airport; and

Whereas, the Municipality has requested the Division to act as its agent in certain matters connected with said Project Number 6-17-0022-11 pursuant to statute; and

Whereas, the parties hereto by this Agreement intend (a) to fix their respective responsibilities, with reference to each other, with reference to the accomplishment of said Project Number 6-17-0022-11 and with reference to participation by the United States, and (b) to designate the parties to accept, receipt for and disburse all funds and payment of the Federal Government and of the Municipality used or to be used in payment of the costs and expenses as shall have been incurred by the parties hereto or either of them.

Now, Therefore, for and in consideration of the benefits which will accrue to the parties hereto by virtue of this Agreement and the respective covenants herein contained, it is mutually convenanted and agreed as follows:

1. The Municipality shall be the "Sponsor" of the project above identified, except as set forth in paragraph 2 immediately hereafter following.

2. The Division shall contribute financial assistance to the extent hereinafter stated, and furnish project reporting liaison with the Federal Aviation Administration.

3. As between the Municipality, the State of Illinois and the United States, the Municipality shall be the contractural party to such construction contract or contracts as shall be entered into for the accomplishment of the project, subject only to the agency provisions hereinafter set out.

4. Plans, specifications and estimates for said project have been prepared by or at the instance of the Municipality, copies of which will be submitted to the Division of Aeronautics for review prior to the advertising for bids thereon.

5. The Municipality will provide adequate, capable and qualified Illinois Licensed resident project engineer(s) and materials testing technician(s), and will further prepare and transmit such project reports as shall be required by the Federal Aviation Administration, or the Division, including semi-final and a final inspection report on the project work (or, if more than one construction contract is involved, then on each phase of the project work which is covered by separate contract). In its final inspection report or reports shall certify to the Division that the work involved has been fully completed in accordance with the plans, specifications and contract, as the same shall have been modified or supplemented by change order, supplementary contract or otherwise, and that such work is accepted.

6. The Municipality hereby designated the Division, as its Agent, and the Division hereby accepts said designation to act as Agent for the Municipality.

   (a) To exercise such direction of the project work as its personnel will permit but limited to a determination that the project is being completed in accordance with plans and specifications, provided that neither the Division nor the State shall be held responsive or be chargeable for any damage resulting from performance or attempted performance of said project work or for any other cause or reason.

   (b) To accept, endorse and deliver to the Municipality without recourse, all warrants issued by the United States in aid of said project pursuant to this Agreement.

Payments of principal and interest, including prepayments of principal installments, shall be noted on the Payment Record made a part of this Bond as provided in the Ordinance hereinafter identified pursuant to which the Bond is issued.

This Bond is issued in the principal sum of $600,000 pursuant to the hereinafter described Enabling Ordinance and to an Ordinance duly adopted by the governing body of the Issuer (the "Ordinance") for the purpose of providing funds to finance the cost of acquiring and constructing land, buildings, machinery, equipment and improvements (such land, buildings, machinery, equipment, improvements and related property being hereinafter called the "Project") and paying expenses incidental thereto, to the end that the Issuer may be able to relieve conditions of unemployment and encourage the increase of industry within the City of Chicago, Illinois. The proceeds of the Bond will be used by the Issuer to pay or reimburse Harris Trust and Savings Bank, Trust No. 7291, a trust created and existing under the laws of the State of Illinois (hereinafter called the "Lessee") for the costs of acquistion and construction of the Project, under the terms of a Lease Agreement dated as of December 1, 1978 (which agreement, as from time to time supplemented and amended, is hereinafter referred to as the "Agreement") for subletting to Triangle Home Products, Inc., incorporated and existing under the laws of the State of Illinois (hereinafter called the "Company") under the terms of a Sublease Agreement dated as of December 1, 1978 (the "Second Sublease Agreement").

This Bond is secured by a pledge and assignment of revenues and receipts derived by the Issuer pursuant to the Agreement, the Second Sublease Agreement and an Industrial Building Lease dated July 24, 1964 between Sam Trossman, Norman Trossman, Harold Trossman and Marvin Trossman, as lessors, and the Company, as lessee (the "First Sublease Agreement") which two sublease agreements (as from time to time supplemented and amended, are hereinafter referred to as the "Subleases"), and a mortgage on the Project, as more fully described in the Ordinance. The Bond and the obligation to pay interest thereon shall not be deemed to constitute an indebtedness or a loan of credit of the Issuer, the State of Illinois or any political subdivision thereof, or a charge against their general taxing powers, within the meaning of any constitutional or statutory provision of the State of Illinois, but shall be secured by a mortgage and payable solely from the revenues and receipts derived by the Issuer from the Agreement and the Second Sublease Agreement. Pursuant to the provisions of the Agreement, payments sufficient for the prompt payment when due of the principal installments of and interest on this Bond are to be paid by the Lessee to the Bank for the account of the Issuer and deposited in a special account created by the Issuer and designated "City of Chicago, Illinois Bond Fund (Triangle Home Products Project)", and all revenues and receipts under the Agreement and the Subleases have been duly pledged and assigned to the Bank for that purpose, under the Ordinance to secure payment of such principal installments and interest.

In certain events, on the conditions, in the manner and with the effect set forth in the Ordinance, the principal installments of this Bond may become or may be declared due and payable before the stated maturity thereof, together with interest accrued thereon.

Custody and Application of Proceeds of Bond; Acquisition and Construction Fund.

SECTION 5. There is hereby created and established with the Bank, which is hereby constituted and appointed as depositary for the Issuer, a special fund in the name of the Issuer to be designated "City of Chicago, Illinois Acquisition and Construction Fund (Triangle Home Products Project)". The proceeds received by the Issuer upon the sale of the Bond shall be deposited in the Acquisition and Construction Fund which shall be held in a separate account by the depositary. Moneys in the Acquisition and Construction Fund shall be expended in accordance with the provisions of the Agreement, and particularly Section 4.3 thereof.

The Bank, as depositary, shall keep and maintain adequate records pertaining to the Acquisition and Construction Fund and all disbursements therefrom, and after the Project has been completed and a certificate of payment of all costs filed as provided in this Section, the Bank shall deliver copies of such records to the Issuer and the Lessee.

The completion of the Project and payment of all costs and expenses incident thereto shall be evidenced by the filing with the Issuer and the Bank of a certificate of the Authorized Lessee Representative required by Section 4.4 of the Agreement. Any moneys thereafter remaining in the Acquisition and Construction Fund shall be applied in accordance with Section 4.3 of the Agreement.

Acquisition of Project and Payment of Amounts Under the Agreement.

SECTION 6. It is the declared intention of the Issuer to acquire the Project, to authorize the disbursement of the proceeds of the Bond in order to finance the acquisition, construction and installation of the Project, and to lease or sell the Project to the Lessee under and pursuant to the Agreement for subletting to the Company pursuant to the Second Sublease Agreement in substantially the form which has been presented to and is hereby approved by the governing body of the Issuer and which is now on file in the official records of the Issuer.

The Mayor is hereby authorized to execute and acknowledge said Agreement for and on behalf of the Issuer, and the City Clerk is hereby authorized to attest same and to affix thereto the corporate seal of the Issuer.

Said Agreement and the revenues and receipts thereof, including all moneys received under its terms and conditions, are to be sufficient to pay the principal installments of and interest on the Bond hereby authorized and are hereby pledged and ordered paid into the Bond Fund. The Agreement provides that the Lessee shall remit the required rent payments thereunder directly to the Bank for the account of the Issuer for deposit in said Bond Fund and such provision is hereby expressly approved.

Revenues; Bond Fund.

SECTION 7. The Bond and all payments required of the Issuer hereunder are not general obligations of the Issuer but are special and limited obligations secured by a mortgage and payable by the Issuer solely and only out of the revenues and receipts derived from the Agreement and the Second Sublease Agreement as provided herein.

There is hereby created by the Issuer and ordered established with the Bank, as depositary, a special fund to be designated "City of Chicago, Illinois Bond Fund (Triangle Home Products Project)" (herein sometimes referred to as the "Bond Fund"), which shall be used to pay the principal installments of and the interest on the Bond.

There shall be deposited into the Bond Fund, as and when received, (a) a sum equal to the accrued interest paid by the purchaser of the Bond; (b) any amount remaining in the Acquisition and Construction Fund to the extent provided in Section 4.3 of the Agreement; (c) all prepayments specified in Section 8.4 and Article X of the Agreement; (d) all rental payments and other amounts paid by the Lessee pursuant to Section 5.3 of the Agreement and by the Company pursuant to the Second Sublease Agreement; and (e) all other moneys received by the Bank under and pursuant to any of the provisions of the Agreement or the Second Sublease Agreement; provided however that any rentals received pursuant to the Lease or the Second Sublease Agreement in excess of the current quarterly requirement for payment of principal and interest on the Bond shall be deemed "excess" rentals and shall, so long as no event of default shall have occurred under the Agreement and be continuing, at the end of each quarter be remitted to the Lessee. The Bank is authorized and directed to apply amounts available therefor in the Bond Fund to the payment when due of the principal of and interest on the Bond.

The Issuer covenants and agrees that should there be a default under the Agreement, the Issuer shall fully cooperate with the Bank and with the owners of the Bond to the end of fully protecting the rights and security of such owners. Nothing

herein shall be construed as requiring the Issuer to operate the Project or to use any funds or revenues from any source other than funds and revenues derived from the Agreement and the Subleases.

Any amounts remaining in the Bond Fund, after payment in full of the principal installments of and interest on the Bond (or provision for payment thereof as provided in this Ordinance) and the charges and expenses of the Bank, shall be paid to the Lessee upon the expiration or sooner termination of the term of the Agreement as provided herein and in Section 11.4 of the Agreement.

Assignment and Mortgage.

SECTION 8. As security for the due and punctual payment of the principal installments of and interest on the Bond hereby authorized the Issuer hereby assigns and pledges to the Bank all revenues and receipts derived by the Issuer pursuant to the Agreement (except any payment made pursuant to Section 7.5 of the Agreement relating to indemnification of the Issuer by the Lessee) and the Subleases, and all rights and remedies of the Issuer under the Agreement to enforce payment thereof including a security interest in the Project, and as evidence of such assignment, pledge, and security interest and of the agreement of the Bank to accept its responsibilities with respect to the Bond Fund created pursuant to Section 7 hereof, the Mayor is hereby authorized to execute for and on behalf of the Issuer, the Assignment and the City Clerk is hereby authorized to attest the same and to affix thereto the corporate seal of the Issuer, and the Mayor and City Clerk are authorized and directed to cause the Assignment to be executed by the Bank, with the Assignment to be in substantially the form which has been presented to and is hereby approved by the governing body of the Issuer and which is now on file in the official records of the Issuer.

As further security for the payment of the principal of and interest on the Bond, the Mayor is hereby authorized to execute and deliver for and on behalf of the Issuer, the Mortgage and the City Clerk is hereby authorized to attest the same and to affix thereto the corporate seal of the Issuer, and said officers are hereby authorized and directed to cause the Mortgage to be recorded in the mortgage records of the office of the County Recorder of Deeds of Cook County, Illinois. The Mortgage shall be in substantially the form which has been presented to and is hereby approved by the governing body of the Issuer and which is now on file in the official records of the Issuer.

Investments; Arbitrage.

SECTION 9. Any moneys held as part of the Acquisition and Construction Fund created pursuant to Section 5 hereof, may be invested or reinvested on the direction of the Authorized Lessee Representative, in accordance with the provisions of Section 4.8 of the Agreement. Any such investment shall be held by or under control of the Bank and shall be deemed at all times a part of the Acquisition and Construction Fund and the interest accruing thereon and any profit realized from such investments shall be credited to such fund, and any loss resulting from such investments shall be charged to such fund, which loss shall be an obligation of the Lessee as provided in the Agreement.

As and when any amount invested pursuant to this Section may be needed for disbursement, the Authorized Lessee Representative may direct the Bank to cause a sufficient amount of the investments to be sold and reduced to cash to the credit of such funds regardless of the loss on such liquidation.

With respect to Section 103(c) of the Code, the Lessee has made certain certifications and representations to the Issuer in Section 4.9 of the Agreement, which certifications and representations by this reference are incorporated herein and made a part hereof and the governing body of the Issuer, acting in reliance on such certifications and representations, adopts and ratifies such certifications and representations and hereby covenants with the purchaser and the owners of the Bond that so long as any principal installment of the Bond remains unpaid, the governing body of the Issuer will not take or authorize the taking of any action which will cause the Bond to be classified as an "arbitrage bond" within the meaning of Section 103(c) of the Code and any lawful regulations promulgated or proposed thereunder, including Section 1.103-13 and Section 1.103-14 of the Income Tax Regulations (26 CFR Part 1) as the same presently exist, or may from time to time hereinafter be amended, supplemented or revised.

The Issuer covenants that it will promptly cause to be paid solely and only from the source mentioned in the Bond, the principal installments of and interest on the Bond hereby authorized at the place on the dates and in the manner provided herein and in the Bond according to the true intent and meaning thereof. The Bond and the obligation to pay interest thereon are limited obligations of the Issuer, secured by a mortgage and payable solely out of the revenues and receipts derived by the Issuer from the Agreement and otherwise as provided herein and in the Agreement or in the Second Sublease Agreement. The Bond and the obligation to pay interest thereon shall not be deemed to constitute an indebtedness or a loan of credit of the Issuer, the State of Illinois or any political subdivision thereof, or a charge against their general taxing powers, within the meaning of any constitutional or statutory provision of the State of Illinois.

The Issuer covenants that it will faithfully perform at all times any and all covenants, undertakings, stipulations and provisions contained in this Ordinance, in the Bond and in all proceedings of its governing body pertaining thereto. The Issuer covenants that it will execute, acknowledge and deliver such instruments, financing statements and other documents as the owners of the Bond or the Bank may reasonably require for the better assuring, granting, pledging and assigning unto the Bank the interest of the Issuer in the Project, as well as the rights of the Issuer in and to the revenues and receipts hereby assigned and pledged to the payment of the principal installment of and interest on the Bond. The Issuer covenants and agrees that, except as herein and in the Agreement provided, it will not sell, convey, mortgage, encumber or otherwise dispose of any part of the revenues and receipts derived from the Agreement, or of its rights under the Agreement.

The Issuer covenants and agrees that all books and documents in its possession relating to the Project and the revenues and receipts derived from the Agreement shall at all reasonable times be open to inspection by the owners of the Bond or such accountants or other agencies as such owners may from time to time designate.

The Issuer covenants and agrees that it shall through the Bank enforce all of its rights and all of the obligations of the Lessee under the Agreement for the benefit of the owners of the Bond. Upon the occurrence of an event of default and so long as such event is continuing, the Bank by notice in writing delivered to the Issuer and the Lessee, may declare the principal installments of the Bond and the interest accrued thereon immediately due and payable, and such principal installments and interest shall thereupon become and be immediately due and payable. Upon any such declaration all payments under the Agreement from the Lessee immediately shall become due and payable as provided in Section 5.3 of the Agreement.

While any principal installments of the Bond or interest are unpaid after the same have become due the Issuer shall not exercise any of the remedies on default specified in Section 9.2 of the Agreement without prior written consent of the Bank.

Upon the occurrence of an event of default, the Bank may pursue any available remedy at law or in equity by suit, action, mandamus or other proceeding to enforce the payment of the principal installments and interest on the Bond and to enforce and compel the performance of the duties and obligations of the Issuer as herein set forth.

No remedy by the terms of this Ordinance conferred upon or reserved to the Bank is intended to be exclusive of any other remedy, but each and every such remedy shall be cumulative and shall be in addition to any other remedy given to the Bank or to the owner hereunder or now or hereafter existing at law or in equity or by statute.

No delay or omission to exercise any right, power or remedy accruing upon any event or default shall impair any such right, power or remedy or shall be construed to be a waiver of any such event of default or acquiescence therein; and every such right, power or remedy may be exercised from time to time as often as may be deemed expedient.

All moneys received pursuant to any right given or action taken under the provisions of this Section or under the provisions of Article IX of the Agreement (after payments of the costs and expenses of the proceedings resulting in the collection of such moneys and of the expenses, liabilities and advances incurred or made by the Issuer, the Bank or the owners of the Bond) and all moneys in the Acquisition and Construction Fund at the time of the occurrence of an event of default shall be deposited in the Bond Fund and all such moneys in the Bond Fund shall be applied to the payment of the principal installments and interest then due and unpaid upon the Bond to the person entitled thereto.

Whenever moneys are to be applied pursuant to the provisions of this Section, such moneys shall be applied at such times, and from time to time, as the Bank shall determine, but in any event within fifteen business days after deposit of such moneys in the Bond Fund. The Bank shall give such notice as it may deem appropriate of the deposit with it of any such moneys and of the fixing of any such date, and shall not be required to make payment to the owner of any Bond until such Bond shall be presented to the Bank for appropriate endorsement or for cancellation if fully paid.

Whenever all principal installments and interest on the Bond have been paid under the provisions of this Section and all expenses of the Bank and the Issuer have been paid, any balance remaining in the Bond Fund shall be paid to the Lessee.

With regard to any default concerning which notice is given to the Lessee under the provisions of this Section, the Issuer hereby grants the Lessee full authority for account of the Issuer to perform or observe any covenant or obligation alleged in said notice not to have been performed or observed, in the name and stead of the Issuer with full power to do any and all things and acts to the same extent that the Issuer could do in order to remedy such default.

WHEREAS, The Joseph and Sarah Levy Family Foundation has indicated its desire to participate and encourage said program by partially financing the development of a multi-purpose center in the City of Chicago subject to certain conditions; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. The Mayor is authorized to execute and the City Clerk to attest an Agreement between the City of Chicago and The Joseph and Sarah Levy Family Foundation substantially in the following form:

This Agreement made and entered into this 31st day of October, 1978, by and between the City of Chicago, a Municipal Corporation, herein referred to as "City" and Joseph and Sarah Levy Family Foundation, a Charitable Corporation, hereinafter referred to as "Foundation".

Witnesseth

Whereas, the Foundation has been engaged in the encouragement of providing accommodations for Senior Citizens and Handicapped in the Chicagoland area and has indicated to the Mayor's Office its desire to promote the development of a multi-purpose center to be used by Senior Citizens in the City of Chicago,

Whereas, the City of Chicago has entered into a broad program for the development of such centers and welcomes the encouragement and financial aid of eleemosynary institutions and foundations seeking to cooperate with the City in this worthwhile endeavor,

Whereas, the Foundation agrees to make a gift to the City not to exceed the amount of $200,000.00.

(a) Said gift is to be allocated and donated to the City to provide a Center for Senior Citizens and Handicapped, and for the remodeling of the premises and site situated on the south side of Lawrence Avenue, bounded on the east by Damen Avenue and on the west by Seeley Avenue, upon which there presently exists a building and site improvements which the City has undertaken to acquire.

(b) The said site and building shall be purchased by the City of Chicago and is legally described as Exhibit "A" hereto attached.

(c) Certain remodelling work is required to convert and improve the site, and the Foundation has offered to make a gift to finance part of this remodelling project in accordance with the conditions hereinafter set forth.

1. Now, Therefore, and in consideration of the mutual agreements hereinafter set forth and other good and valuable considerations it is agreed by and between the parties as follows:

2. The Foundation agrees to make a total gift to the City of the sum of $200,000.00 to finance the remodelling work on the present structure on said site after the City acquires the described property. Said sum shall be payable in accordance with Schedule "B" attached hereto.

3. The Foundation agrees to finance the remodelling of the present structure on said premises in accordance with plans and specifications submitted by the City Architects, subject to review by the Foundation, providing that said remodelling work will not exceed the sum of $200,000.00.

4. The Foundation will enter into a standard general contract for the remodelling work which will provide for the submission of mechanics lien waivers at the time of partial payments, and final release and waivers at the time of final payment. The contractor will provide a performance bond to assure completion of the work and reasonable insurance to protect the Foundation and the City during construction.

5. However, in the event the proposals for said remodelling contract will exceed the sum of $200,000.00, the Foundation shall have the option, in its sole discretion, to enter into a remodelling contract for a larger amount. In the event the Foundation decides, in its sole discretion, not to enter said remodelling contract, then it shall contribute $200,000.00 in an outright gift to the City for the purpose of aiding in said remodelling work to be processed and contracted for by the City. See Schedule "B".

6. The City will acquire the land and building presently situated on the site legally described in Schedule "A" at its own expense, and finance the construction of parking areas and a structure of approximately 9,000 square feet to be added to the present building. The construction of said building addition will begin within six months after completion of the remodelling of the present structure and will be completed and furnished within a year thereafter. The City will also furnish all equipment, furniture, and fixtures necessary for the Center upon the completion of the remodelling of the existing structure.

7. The site upon which the Center will be located shall be utilized only for the benefit of the building situated thereon, and the remainder of said site shall be used as parking facilities for the participating Senior Citizens and the Handicapped. No other building or improvements shall be erected upon said site excepting in such case when it is necessary to increase the existing building by added construction thereto for use by the Senior Citizen participants.

8. The City will operate the Center under its auspices through the Mayor's Office for Senior Citizens and Handicapped, or any successor agency, and will guarantee that sufficient funds for full operation of the Center will be made available in each operating year.

9. The City agrees to operate the Center primarily as a Senior Citizens' Center, but the City may also use the Center for other recreational and community activities to secure maximum practicable benefits from the Center building, but always within the principle that senior citizen activities shall not suffer through conflict with other activities. The Center shall not be used for any programs or events conducted for profit or by political or religious organizations or groups.

10. It is the intention of the parties that the Center will be operated 52 weeks per year and will be used as a minimum on Mondays through Fridays, legal holidays excepted. Use on Saturdays and Sundays will be optional with the City, subject to paragraph 7 hereof.

11. The City will operate the Center in the manner above set forth for not less than 20 years, providing that a reasonable level of participation in the Center's programs is achieved or can be stimulated. The City shall use its best efforts to provide excellent programming and to stimulate attendance and participation in said programs. In the event the City determines that the level of participation in the Center programs is not sufficient to justify continued operation of the Center, it shall give the Foundation 180 days' notice of intention to terminate the use of the building for senior citizens and other recreational and community activities. During said 180-day period, the Foundation shall have the right to stimulate participation in the Center's programs, and if such programs then reach an acceptable participation level, the City shall continue to operate the Center in the manner required by this agreement.

12. The Center building shall be named "The Joseph and Sarah Levy Center". The name shall be used to designate the building for a minimum of 20 years and thereafter until the building is demolished.

13. The Mayor shall appoint an Advisory Committee of eleven persons composed of interested citizens, which committee shall advise and make recommendations to the Mayor's Office, 121 North LaSalle Street, Chicago, concerning operation of the Center and promotion of the Center's programs and events. During their lifetimes, Joseph and Sarah Levy shall be members of said advisory committee. Upon the death, or inability to act, of Joseph or Sarah Levy, their son Joseph Levy, Jr. and daughter Jean Levy London, may act on said advisory committee.

14. The City agrees to indemnify, defend, and save harmless the Foundation and also Joseph Levy and Sarah Levy and their personal representatives and heirs, executors, and administrators against and from any and all losses, costs, damages, or expenses of any kind or nature whatever, which may result from or grow out of any act or omission on the part of the Foundation or Joseph Levy or Sarah Levy in connection with the construction, establishment, or operation of the Center, including but not limited to any claims for damage to property or injury to or death of any person or persons and all costs in connection with any such claim.

15. The City agrees, as soon as practicable, to repair or replace said building in the event of fire or other casualty. The City, unless it is self insured, further agrees to continuously carry fire and extended coverage insurance on the Center building in amounts sufficient to ensure the prompt repair or replacement of the building in the event of a fire or other insured occurrence. The City further agrees, unless it is self insured, to continuously carry public liability insurance covering the City and its employees and agents and also said Joseph Levy and Sarah Levy and their personal representatives, heirs, and administrators, with limits of not less than $500,000/$1,000,000 on bodily injury and $50,000 on property damage. The City shall be relieved of any of the aforesaid insurance requirements in the event that it is unable to purchase said insurance at Illinois Rating and Inspection Bureau rates from an insurance company having a policy-holders financial rating of A+ (excellent), AAAAA. This shall not relieve the City of its obligation to repair or replace as hereinabove provided or of its obligations assumed under paragraph 12 hereof.

16. As an addendum, the Foundation undertakes and agrees to increase it's contribution from $200,000 to $250,000 upon the express condition that the City will acquire title to the subject site, have prepared by the Architects and Engineers the scope drawings and specifications to proceed with the planned development and proceed to and commence the letting of contracts for the construction and remodelling by the City, by November 23, 1978. The basic plans shall be available within 30-days from the date of execution by the City of this Agreement.

17. In the event the City does not acquire said property and advise the Foundation in writing that the property is available for remodelling by November 1, 1979, then this Agreement shall be cancelled.

18. All notices to the Foundation shall be addressed to Joseph Levy at the Standard Club, 320 South Plymouth Court, Chicago, Illinois. All notices to the City shall be addressed to the Mayor's Office 121 North LaSalle Street, Chicago, Illinois.

In Witness Whereof, the undersigned, by their appropriate representatives, have hereunto set their hands and corporate seals this 31st day of October, 1978.
